

# CRAMER DENTAL

SMILES BY CRAMER

In an effort to encourage good dental health and alleviate rising dental costs, we have developed an "In-House" Dental Savings Plan for our patients without dental insurance.

Our dental savings plan provides a wide scope of benefits at an affordable price to help minimize the cost of your dental needs. It also offers portability as you are not tied into any one employer. This is your plan and it follows you regardless of who you or your spouse works for during the year.

This is NOT dental insurance. Enrolling in our In-House Dental Savings Plan gives you the opportunity to obtain your preventative services and dental treatments at our practice for reduced fees. It cannot be combined with dental insurance or other reduced fee dental plans.
